

2024 SUMMARY OF POSTERS (THEME, CATEGORY, SUBCATEGORY): Refer to POSTER SCHEDULE by presenting author, on the Meeting Page, for their DayNumber.	DAY	POSTER BOARD # & ABSTRACT # IN ACER	Sub-Categories split over days
BIOLOGICAL / PRECLINICAL		SUNDAY	
1. Pharmacology C.N.S.			
1a. Neurotransmitters	SUN	S001-S014	
2. Physiology C.N.S.			
2a. Imaging – nonhuman	SUN	S015-S019	
2b. Other	SUN	S020-S023	
3. Animal Behavior			
3a. Learning / Memory	SUN	S024-S041	
3b. Stress / Anxiety	SUN	S042-S050	SUN-MON
4. Pathology: Human/Animal			
4a. Musculoskeletal Disorders	SUN	S051	
4b. Adipose / Endocrine	SUN	S052-S054	
4c. Epigenetics	SUN	S055-S057	
4d. Gene Expression (not C.N.S.)	SUN	S058-S062	
4e. Cellular and Molecular	SUN	S063-S070	
5. Fetal Alcohol Spectrum Disorder			
5a. Physiology	SUN	S071	
5b. Neurobiology	SUN	S072-S084	SUN-MON
5c. Biomarker/Genetics - Animal/Pre-clinical	SUN	S085-S090	
6. Pharmacokinetics and Metabolism in Animals			
6a. Pharmacokinetics and Metabolism in Animals	SUN	S091	
7. Lifespan / Development - Human/Animals			
7a. Lifespan / Development - Human/Animals	SUN	S092-S094	
PSYCHOSOCIAL / MEDICAL / CLINICAL		SUNDAY	
8. Physiology C.N.S. - Human			
8a. Electrophysiology	SUN	S095-S099	
8b. Imaging	SUN	S100-S103	
8c. Other	SUN	S104	
9. Fetal Alcohol Spectrum Disorder			
9a. Prevention / Treatment	SUN	S105-S108	
9b. Biomarker/Genetics - Human/Clinical	SUN	S109-S111	
9c. Other	SUN	S112-S114	
10. Determinants of alcohol consumption in Humans			
10a. Social/Cultural norms (beliefs, attitudes, values)	SUN	S115-S126	SUN-MON
10b. Learning (modeling, reinforcement, classical conditioning)	SUN	S127-S128	
11. Consequences of alcohol consumption in Humans			
11a. Social harms (family, financial, legal or work problems)	SUN	S129-S146	
11b. Perceptual-motor	SUN	S147-S148	
12. Prevention			
12a. Environmental risk assessment (community, family, work, college)	SUN	S149-S156	
12b. Policy	SUN	S157-S159	
12c. Other	SUN	S160-S162	
13. Treatment / Recovery			
13a. Self-help	SUN	S163-S168	
13b. Brief intervention	SUN	S169-S181	SUN-MON
13c. Other	SUN	S182-S183	
14. Epidemiology			
14a. Special Populations (children/adolescents, ethnic groups, gender, sexual orientation/gender identity)	SUN	S184-S198	SUN-MON
15. Health Services (utilization, access, and economics)			
15a. Health Services (utilization, access, and economics)	SUN	S199-S204	
16. Lifespan / Development - Human			
16a. Other	SUN	S205-SS07	
OTHER		SUNDAY	
17. Training / Education Methods			
17a. Training / Education Methods	SUN	S208-S209	

2024 SUMMARY OF POSTERS (THEME, CATEGORY, SUBCATEGORY): Refer to POSTER SCHEDULE by presenting author, on the Meeting Page, for their DayNumber.	DAY	POSTER BOARD # & ABSTRACT # IN ACER	Sub-Categories split over days
BIOLOGICAL / PRECLINICAL			
MONDAY			
1. Genetics			
1a. Microarrays/genomics - human/animal	MON	M001-M010	
2. Pharmacology C.N.S.			
2a. Neuropeptides	MON	M011-M021	
3. Physiology C.N.S.			
3a. Electrophysiology - Nonhuman	MON	M022-M033	MON-TUE
4. Animal Behavior			
4a. Consumption / Self-Administration	MON	M034-M048	MON-TUE-WED
4b. Stress / Anxiety	MON	M049-M059	SUN-MON
5. Pathology: Human/Animal			
5a. Brain	MON	M060-M074	
6. Fetal Alcohol Spectrum Disorder			
6a. Neurobiology	MON	M075-M087	SUN-MON
PSYCHOSOCIAL / MEDICAL / CLINICAL			
MONDAY			
7. Genetics - Human			
7a. Human	MON	M088-M099	
7b. Microarrays/genomics	MON	M100-M102	
7c. Other	MON	M103	
8. Fetal Alcohol Spectrum Disorder			
8a. Behavior / Cognition	MON	M104-M110	
8b. Diagnosis	MON	M111-M115	
9. Determinants of alcohol consumption in Humans			
9a. Social/Cultural norms (beliefs, attitudes, values)	MON	M116-M129	SUN-MON
9b. Cognitive Determinants (info processing, expectancies, motivation, impulsivity)	MON	M130-M144	MON-WED
9c. Neurobiology and Neuroimaging	MON	M145-M152	MON-TUE
10. Consequences of alcohol consumption in Humans			
10a. Health harms / benefits	MON	M153-M167	
10b. Imaging	MON	M168-M176	
11. Treatment / Recovery			
11a. Brief intervention	MON	M177-M189	SUN-MON
12. Epidemiology			
12a. Alcohol abuse, dependence	MON	M190-M196	
12b. Special Populations (children/adolescents, ethnic groups, gender, sexual orientation/gender identity)	MON	M197-M209	SUN-MON
BIOLOGICAL / PRECLINICAL			
TUESDAY			
1. Genetics			
1a. Lab animal - transgenics/ knock-outs/ ins	TUE	T001-T010	
2. Molecular / Cell Biology C.N.S.			
2a. Gene expression (also see Pathology below)	TUE	T011-T016	
2b. Membrane Biology	TUE	T017	
3. Pharmacology C.N.S.			
3a. Medications Development	TUE	T018-T021	
3b. Other	TUE	T022-T025	
4. Physiology C.N.S.			
4a. Electrophysiology - Nonhuman	TUE	T026-T038	MON-TUE
5. Animal Behavior			
5a. Consumption / Self-Administration	TUE	T039-T056	MON-TUE-WED
5b. Other	TUE	T057-T065	TUE-WED
6. Pathology: Human/Animal			
6a. Hepatic / Gastrointestinal Tract	TUE	T066-T076	
6b. Other	TUE	T077-T083	
7. Fetal Alcohol Spectrum Disorder			
7a. Cell Biology	TUE	T084-T091	
7b. Other	TUE	T092-T098	

2024 SUMMARY OF POSTERS (THEME, CATEGORY, SUBCATEGORY): Refer to POSTER SCHEDULE by presenting author, on the Meeting Page, for their DayNumber.	DAY	POSTER BOARD # & ABSTRACT # IN ACER	Sub-Categories split over days
PSYCHOSOCIAL / MEDICAL / CLINICAL		TUESDAY	
8. Determinants of alcohol consumption in Humans			
8a. Negative affect regulation (affective disturbance, stress, anxiety)	TUE	T099-T115	TUE-WED
8b. Neurobiology and Neuroimaging	TUE	T116-T126	MON-TUE
8c. Other	TUE	T127-T138	
9. Consequences of alcohol consumption in Humans			
9a. Other	TUE	T139-T149	
10. Prevention			
10a. School and other individual-based interventions	TUE	T150-T160	
10b. Organization and community-based interventions	TUE	T161-T165	
11. Treatment / Recovery			
11a. Assessment and Diagnosis	TUE	T166-T174	TUE-WED
11b. Pharmacotherapy	TUE	T175-T188	
12. Epidemiology			
12a. Alcohol consumption rates, drinking patterns	TUE	T189-T203	TUE-WED
OTHER		TUESDAY	
13. Quantitative / Computer Methods			
13a. Quantitative / Computer Methods	TUE	T204-T209	
BIOLOGICAL / PRECLINICAL		WEDNESDAY	
1. Genetics			
1a. Lab animal - behavioral	WED	W001-W012	
2. Molecular / Cell Biology C.N.S.			
2a. Epigenetics	WED	W013-W023	
2b. Other	WED	W024-W028	
3. Pharmacology C.N.S.			
3a. Neuroimmune System	WED	W029-W046	
4. Animal Behavior			
4a. Motor	WED	W047	
4b. Consumption / Self-Administration	WED	W048-W065	MON-TUE-WED
4c. Other	WED	W066-W074	TUE-WED
5. Pathology: Human/Animal			
5a. Immunology	WED	W075-W091	
5b. Pulmonary / Cardiac / Vascular	WED	W092-W097	
PSYCHOSOCIAL / MEDICAL / CLINICAL		WEDNESDAY	
6. Pharmacology C.N.S. - Human			
6a. Pharmacology C.N.S. - Human	WED	W098-W100	
7. Pharmacokinetics and Metabolism in Humans			
7a. Pharmacokinetics and Metabolism in Humans	WED	W101	
8. Determinants of alcohol consumption in Humans			
8a. Negative affect regulation (affective disturbance, stress, anxiety)	WED	W102-W117	TUE-WED
8b. Positive affect regulation (reward seeking)	WED	W118-W126	
8c. Cognitive Determinants (info processing, expectancies, motivation, impulsivity)	WED	W127-W142	MON-WED
9. Consequences of alcohol consumption in Humans			
9a. Mood and Affect	WED	W143-W148	
9b. Learning and Cognition	WED	W149-W156	
9c. Medical	WED	W157	
10. Treatment / Recovery			
10a. Assessment and Diagnosis	WED	W158-W167	TUE-WED
10b. Psychotherapy	WED	W168-W184	
11. Epidemiology			
11a. Alcohol consumption rates, drinking patterns	WED	W185-W199	TUE-WED
11b. Morbidity and Mortality	WED	W200-W204	
11c. Other	WED	W205-W209
